

Today's Visit

Both medical and vision services are usually not paid by any insurance companies on the same date of service.

If you are here for a medical problem or a follow-up exam for an established medical eye diagnosis, we cannot bill your routine vision insurance.

If you are here for a routine vision examination and refraction (prescription) for glasses, we usually cannot bill your medical insurance.

If you are here for a medical evaluation and you have a vision plan, you may return for your routine eye examination and refraction for glasses on another day **OR** you have the option to pay a separate charge of \$45.00 for the refraction at the time of your medical appointment.

Do you want a routine vision/glasses examination? Yes No

I understand that my medical and/or vision insurances may be billed today depending on my diagnosis.

I understand that there may be an additional charge of \$45.00 for a routine examination which includes refraction for glasses.
